### Item 2.02 Results of Operations and Financial Condition.

On January 20, 2022, Netflix, Inc. (the "Company") announced its financial results for the quarter ended December 31, 2021. The Letter to Shareholders, which is attached hereto as Exhibit 99.1 and is incorporated herein by reference, includes reference to the non-GAAP financial measure of free cash flow. Generally, a non-GAAP financial measure is a numerical measure of a company's performance, financial position, or cash flows that either excludes or includes amounts that are not normally excluded or included in the most directly comparable measure calculated and presented in accordance with generally accepted accounting principles in the United States. Management believes that the non-GAAP measure of free cash flow is an important liquidity metric because it measures, during a given period, the amount of cash generated that is available to repay debt obligations, make strategic acquisitions and investments and for certain other activities like stock repurchases. However, this non-GAAP measure should be considered in addition to, not as a substitute for or superior to, net income, operating income, diluted earnings per share and net cash provided by (used in) operating activities, or other financial measures prepared in accordance with GAAP. Reconciliation to the GAAP equivalent of this non-GAAP measure is contained in tabular form in Exhibit 99.1.

The information contained in this Item 2.02 and the accompanying Exhibit 99.1 are "furnished" and shall not be deemed "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), or otherwise subject to the liabilities of that section, and shall not be incorporated by reference in any filing under the Securities Act of 1933, as amended, or the Exchange Act regardless of any general incorporation language in such filing, unless expressly incorporated by specific reference in such filing.
